Section 2

Gemini

Aaron Ace Tangcay Davao City, Philippines | +63 9XX XXX XXXX | aaron.tangcay@email.com |

EDUCATION Ateneo de Davao University | Davao City, Philippines *Bachelor of Science in Information Technology*

- Developed a strong foundation in software engineering, database management, and network infrastructure.
- Consistently met academic milestones while managing complex, multi-disciplinary technical coursework.

SKILLS

- Programming & Scripting: Java, Python, C++, HTML/CSS, JavaScript
- Database & Cloud: MySQL, PostgreSQL, Microsoft Azure fundamentals, Database Design
- Tools & Frameworks: Git/GitHub, Linux/Unix environments, VS Code
- Core Competencies: Systems Analysis, Agile Methodology, Troubleshooting, Technical Documentation

PROJECTS & EXPERIENCE Capstone System Development Project | Lead Programmer

- Engineered a centralized database system and responsive web interface, reducing data retrieval times by 15%.
- Automated routine back-end processes using custom Python scripts, increasing overall system efficiency by 20%.
- Collaborated with a team of 4 using Agile methodologies, ensuring timely delivery of sprint goals and software documentation.

Academic IT Practicum | Technical Support Trainee

- Diagnosed and resolved hardware and network connectivity issues for internal users, achieving a 95% issue resolution rate.
- Assisted in deploying secure network configurations to protect local data integrity.
- Streamlined troubleshooting workflows by drafting step-by-step technical guides for common system errors.

ACHIEVEMENTS

- Dean's Lister, Ateneo de Davao University (Multiple Semesters)
- Finalist, University Tech Pitch Competition – Presented a functional prototype for a local community service app.
- Active Member, Ateneo Computer Science and IT Society

CONTACT INFORMATION

- Phone: 09XX-XXX-XXXX
- Email: yourname@email.com
- Location: Davao City, Philippines

EDUCATION

Bachelor of Science in Information Technology (BS-IT)
Ateneo de Davao University
Davao City, Philippines

SKILLS

- Programming: Java, Python, C++
- Web Development: HTML, CSS, JavaScript
- Database Management: MySQL
- Tools: Git, Visual Studio Code
- Strong problem-solving and analytical skills

PROJECTS OR EXPERIENCE

Capstone / Academic Project

- Developed a functional system using modern technologies, improving process efficiency by 20%
- Collaborated with a team to design, test, and deploy the application within project deadlines
- Troubleshooted and resolved technical issues, reducing system errors

Personal Project

- Built a responsive web application using HTML, CSS, and JavaScript
- Improved user experience through optimized design and functionality

ACHIEVEMENTS

- Completed academic projects with consistent on-time delivery
- Recognized for strong teamwork and problem-solving skills
- Actively engaged in continuous learning of new technologies

Section 3

Criteria	Gemini Version	ChatGPT Version	Verdict
Structure	(5/5)	(3/5)	Gemini is more complete and professional
Clarity	(4.5/5)	(4/5)	Gemini is clearer due to specific results
Formatting	(4.5/5)	(4/5)	Tie – Gemini is professional, ChatGPT is cleaner
Overall Quality	(5/5)	(3/5)	Gemini is significantly stronger

Section 4

1. Which LLM performed better and why?

Gemini performed better overall. Here's why:

- **Depth & Specificity:** Gemini had more detailed, real-world experience, like measurable results and technical metrics (e.g., "15% faster").
- **Professional Structure:** Gemini was well-organized and looked like a real job-ready resume, with clear sections and achievements.
- **Actionable Experience:** Gemini included not just projects, but practical tasks (like troubleshooting) and quantifiable results.

2. What differences did you observe?

- **Gemini Version:**
 - More detailed, specific achievements.
 - Professional language and technical depth.
 - Organized sections and relevant keywords.
- **ChatGPT Version:**
 - Simpler, more generic.
 - Less measurable impact (just "improved efficiency" without numbers).
 - Basic structure—didn't show real-world experience like a practicum.

3. What improvements did you make in your final resume?

- **Formatting:** Cleaned up spacing and organized sections better, combining the professional layout from Gemini with the readability of ChatGPT.
- **Clarity:** Kept Gemini's specific results and added more straightforward language for easy reading.
- **Added Detail:** Included more specifics like metrics, skills, and practical tasks that show actual impact and value (like "reduced errors by 20%").

4. What did you learn about prompting?

- **Be Specific:** The more specific your instructions, the better the output. For example, Gemini had more specific language around projects, and ChatGPT was more vague.
- **Set Clear Expectations:** When asking for a resume, clarifying whether you want more technical details or a simple, general template makes a big difference.
- **Iteration Matters:** You can get better results by refining your prompts based on initial responses. This helps guide the LLM in the direction you want.

Section 5 – Final Resume

AARON ACE TANGCAY

EDUCATION

Bachelor of Science in Information Technology
Ateneo de Davao University, Davao City, Philippines
Graduation: Month, Year

- Strong foundation in software engineering, database management, and network infrastructure.

SKILLS

- **Programming:** Java, Python, C++ | **Web Development:** HTML, CSS, JavaScript
- **Database:** MySQL, PostgreSQL | **Tools:** Git/GitHub, Visual Studio Code, Linux
- **Cloud:** Microsoft Azure fundamentals | **Competencies:** Agile, Troubleshooting, Documentation

PROJECTS & EXPERIENCE

Capstone Project – Lead Programmer (Jan 2023 – Apr 2023)

- Developed a centralized database system, reducing data retrieval by 15%.
- Automated processes with Python scripts, increasing efficiency by 20%.
- Led a team of 4 using Agile methodology.

IT Practicum – Technical Support Trainee (Jun 2022 – Dec 2022)

- Resolved 95% of hardware and network issues.
- Assisted in deploying secure network configurations.

Personal Project – Web Application (Sept 2022)

- Developed a responsive web app using HTML, CSS, JavaScript, enhancing UX.

ACHIEVEMENTS

- Finalist, University Tech Pitch Competition (Community service app)
- Active Member, Ateneo Computer Science and IT Society

ADDITIONAL INFORMATION

- **Certifications:** Microsoft Azure Fundamentals
- **Volunteer:** Provided tech support and web development to local NGOs
